Re-thinking GCSE Resits Conference

A London South West Maths Hub Event

Join us for a day's critical and creative thinking about how best to prepare and enable your post 16 pupils in their Maths GCSE resits. A brilliant panel of speakers will lead us through a series of inspiring presentations, including

Sue Hough

Re-engaging with common sense for GCSE resit

Martin Newton

What can't GCSE resit students do, why can't they do it and how do you fix it?

Emma Bell

Making Connections: How can a condensed GCSE Maths curriculum result in deeper understanding?

Joan Ashley

Attitudes and emotions: how do you convince GCSE resit students that they CAN learn maths?

Who is it for?

If you have pupils taking GCSE Maths Resits next year, this is for you! Aimed at teachers and leaders in schools and colleges.
