

# Primary NQT Mathematics Support Programme

## Maths Hubs Network Projects 2020/21

### Research and Innovation Work Group

## DATES

Session	Date	Time
1	Friday 29 January 2021	2pm – 4pm
2	Thursday 11 February 2021	2pm – 4pm
3	Monday 01 March 2021	2pm – 4pm
4	Friday 19 March 2021	4pm – 6pm
5	Monday 29 March 2021	2pm – 4pm
6	Tuesday 27 April 2021	2pm – 4pm
7	Friday 14 May 2021	4pm – 6pm
8	Friday 28 May 2021	4pm – 6pm

## HOW TO APPLY

Contact us to register your interest in participating in this Work Group.  
[admin@london southwestmathshub.co.uk](mailto:admin@london southwestmathshub.co.uk)

Information for our Work Groups and events in 2020-21 can be found on our website  
[www.london southwestmathshub.co.uk](http://www.london southwestmathshub.co.uk)

## DETAILS

NQTs and teachers will be supported to develop into confident mathematics educators who are able to use the key principles of mastery and

- NCETM Primary PD materials
- DfE and NCETM Ready to Progress Criteria
- EEF guidance to underpin teaching and ongoing subject and pedagogical professional development

There will be a focus on developing participants' understanding of how a concept-driven approach to teaching mathematics will strengthen pupil's mathematical knowledge and understanding by creating strong connections across different areas of mathematics.

### Who can apply?

This project is for NQTs, mathematics subject leads and other teaching staff that want to develop their knowledge, understanding and application of mastery principles in their practice.

This Work Group will also support school mathematics leaders by modelling a range of CPD techniques which can be employed in the wider school teaching community and inform PD for new teachers who join the school.

## BENEFITS

### Participants and their schools will

- ✓ Be introduced to what it means to plan, teach and assess for mastery in mathematics
- ✓ Collaboratively explore the practical implementation of key ideas such as variation and the use of physical and visual representations so that they feel confident to employ them in their classrooms

### Covid Recovery

Maths Hubs activity will be flexible and adapt to changing realities. All workshop sessions are online, until at least February 2021, with online collaboration opportunities in between sessions.

### What is the cost?

The Primary NQT Mathematics support Work Group is **fully funded** by the Hubs Programme so is **free** to participating schools.
