

Teaching for Mastery

Primary Teaching for Mastery training for Senior Leaders and Maths Leads

A free session aimed for schools and/or colleagues who are new to the 'teaching for mastery' (TfM) approach in Maths.

Join us for a morning where you will find out information about the core vision and work of London South West Maths Hub. We will take part in a Year 4 lesson study in which the teacher uses mastery approaches within the lesson followed by feedback and discussion. There is also an opportunity for a question and answer session on implementing Teaching for Mastery from a Headteacher.

Audience:

This session is highly recommended for Senior Leaders and Maths Leads who wish to explore this popular and effective style of teaching for their own school and/or practice. It would also be suitable for new staff members of schools already engaged in TfM Work Groups.

Thursday 23rd May 2019 (09.30 – 12.30)

Chesterton Primary School, Dagnell Street, Battersea, London, SW11 5DT

Cost: This is a free event.

Contact Hub Administrator Lesley Dibbens: admin@london southwestmathshub.co.uk to express an interest in attending the session. All bookings must be made through the Hub Administrator.
